

Dear Unison Member,

Thanks once again for all your efforts in supporting the protest against unfair car park charges. We believe the industrial action is being well supported and is beginning to bite the employer where it hurts.

To help us to gauge just how wide ranging the effects of the action are **please tell us your car park protest stories**. Take a few lines and a few minutes to say how you and your colleagues are supporting the action and the impact this is having on your work, time, budgets etc.

We will then use your replies (anonymously) to let members and management know how widespread is the support and just how vital the goodwill of staff is to the effective running of LCC.

Please email your replies to [Unison General](#) or send via the internal mail.
